F. S. Hight, manager of the Willard Hotel, recently requested permission to erect an awning over the sidewalk in at of the hotel. The application wa referred to the office of the inspector of Buildings, and Snowden Ashford, Assist ant Inspector, has informed the Commis oners that he has had a conference with Mr. Stellwagen, of the Virginia Hotel Company, and Bernard Green, superinobjectionable feature of the proposed awning. He suggests that Mr. Hight be requested to amend his application so as to eliminate this feature. Mr. Ashford also stated that inasmuch as the awning proposed extends to the early it will be accessary for the Commissioners to ap-prove the same before a permit can be issued.

Capt. Chester Harding in forwarding the statement of Mr. Ashrord to the Commissioners, recommended that Mr. Hight be informed that a permit for the awing, omitting the objectionable feature mentioned, will be approved. This Commissioner Biddle has approved, and forwarded to his associates.

A special committee of the Columbia Historical Society, appointed for the pur pose, has made a copy of the manu script journals of the City Council of Washington, covering the period from 1800 to Ris. This committee was composed of W. B. Bryan, Hugh T. Taggart, and M W. B. Bryan, Hugh T. Taggart, and M. I. Weller. These gentlemen say in their report that much labor has been siven to the undertaking, and that the effort has been attended with a high degre of success in supplying gaps in the sequence of the records by making use of mannacripts and in scarching the columns of the "National Intelligencer." The committee has submitted a attachment of its work to the Commissioners with the request that an Item be inserted in the estimates to Congress to cover the cost of the publication of the record.

The Commissioners have received re-ports from A. L. Thomas, Inspector of the Engineer Department, and from the Computing Engineer, on the complaint of Mary A. R. Cost and others of gand b Mary A. R. Cost and others of mand being placed on the tracks of the street cars on Thirty-second Street.

Mr. Thomas states that the grade of Thirty-second Street is very steep at the point mentioned, and that it is necessary to use sand in running the cars up the hill. He stated further that the matter has been called to the attention of the railroad company, and that they have bromised to use as little sand as possible. ble.

Mr. Hunt stated further that on account of the nature of the pavement, it being cobble, the dirt remained on the surface, and made the dost greater than would be the case with other kinds of paving. He stated also that it was the intention of the department to resurface the street with aspinal during the present fiscal year, when the cause of complaint would be in great measure removed by better conditions.

portheast, has written to the Comm ers, to ascertain whether she has a right to employ another plumber to complete the work left unfaished by M. J. O Brien. It will be recalled in this connection that the case of the plumber named was acted the case of the plumber named was acted upon by the Commissioners some time ago, on the ground that he had fiesfected to give proper attention to hothces sent out by the Plumbing Department.

According to a report from the apspector of Flumbing, there is no obstacle in the way of the employment of monther plumber to complete the work. It is recommended that she be so informed.

M. G. Weaver, of 3519 Fourteenth Street northeast, recently requested permission to lay a boardwalk on the east side of Fourteenth Street, between Providence and Lansing Streets, Brookland. In reand Lansing Streets, Brookland. In reporting upon the matter, C. B. Hunt, the Computing Engineer, has recommended that a gravel walk or one made of cinders would be preferable as a temporary improvement. Boardwalks, he says, are found by experience to result in dangerous conditions when they get out of repair. Mr. Hunt states that if Mr. Weaver prefers, in spite of this, a boardwalk, a permit for the same be issued, with the provise that it will be laid independent of grads, and that only one house will be served by R.

Each of the chief organs of the body is a link in the chain of life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of heart or lungs, liver or kidneys, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of discase of the stomach and other organs of digestion and nutrition. Diseases of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the
